Network+/Security+ Skill Set Credential

*Business, Management, Marketing &
Technology Career Pathway*

There is compelling evidence that neither technologies nor policies alone offer effective protection against security threats. Theft and destruction of intellectual property takes place despite the presence of firewalls, encryption and corporate edicts. Industry and government around the world must have a well trained workforce to effectively combat hackers, attacks, and security threats.

The Network+/Security+ is designed to prepare students to work as an IT professional with a knowledge of information security within computer networks. Both the CompTIA (Computing Technology Industry Association) Network+ and Security+ certifications are recognized as basic industry standards and are required by many employers.

JCC provides this program to prepare students to pass both exams. The exams are administered by CompTIA agents.

Minimum credits:	16
Minimum cumulative GPA:	2.0
Minimum grade in all courses:	2.0
Minimum JCC credits:	12
MACRAO agreement:	No

REQUIRED COURSES – (14 credits)

CIS 101 Introduction to Computer Systems	3
CIS 177 Network+/Network Fundamentals	3
CIS 179 Network+ Certification Exam Preparation.	1
CIS 281 Microsoft® Networking 1	3
CIS 282 Microsoft® Networking 2	3
CIS 288 Network Security/Security+	3
