Chairperson Crist invited attending members of the public (who registered via the form provided at the Board Room door prior to this portion of the agenda) to offer their comments to the Board of Trustees (up to five minutes each).

Chairperson Crist reminded the Board and public of the following:

- Trustees are not to engage the presenters per Board Policy, though the Board Chair will thank each presenter noting that the Board will take presenter

comments under advisement. Doing so avoids potential legal liability for the Board (individually and collectively), as well as disruption of the Board-CEO Delegation policies and related authority and duties.

- When addressing the Board, speakers are asked to be respectful and civil. Be advised that, as an on-going practice, the Board does not respond in this Board Meeting setting when the matter presented concerns personnel, student issues, operations, or other matters that are being addressed through the established grievance or legal processes, or otherwise are a subject of review by the Board of Trustees.

Dr. Mark Ott (Current JC Employee – Jackson College Faculty) – Dr. Ott provided the following good news stories:

- Dr. Becky Belter Roberts (Communications Faculty) presented at the National Organization for Student Success, Michigan Chapter Fall Conference in Lansing. Her talk, entitled: "Lost Boys: Exploring the Gender Gap in Higher Education," explored the expanding gender disparity in higher education achievement and the social challenges affecting our young men, as well as actions that individual faculty and institutions can take to support their academic careers.
- JC Nursing faculty officially received the initial Commission for Nursing Education Accreditation for JC's Practical Nursing Program from the National League for Nursing. As a result, both nursing programs at JC are now nationally accredited.
- JC theater department is excited to present the heartwarming comedy *Steel Magnolias* in Baughman Theatre Nov 15-17. This production is full of students, staff, alumni, and community members.

Regarding the proposed vote of confidence in President Phelan's leadership, Dr. Ott suggested that the Board wait and assess the results from the upcoming PACE survey.

#### *BOARD COMMENTS & CEO REPORT:*

CEO Phelan provided the CEO Report regarding on-going impacts on Board's ENDS, as well as Collegiate updates, for the Board's information.

Trustee Lake shared looking forward to the College's production of *Steel Magnolias* and her appreciation of the ACCT Leadership Congress in Seattle she attended with fellow Board members in October, which was supported by both Trustee Simpson and Trustee Thomas. They noted that the conference sessions were relevant and helpful, and the comradery was enjoyed.

CEO Phelan thanked Keith Everett Book for his efforts in coordinating the Board's attendance at the ACCT Leadership Congress and preparations for this Board meeting.

#### *EXCELLENCE MINUTE: NATIONAL SCIENCE FOUNDATION (NSF) GRANTS*

The Board welcomed Jamie Vandenburg (Dean of Workforce, Technical, and Professional Education) to celebrate 1 of 2 NSF grants that the College has received.

Vandenburgh started by sharing a video of an Otto robot demonstration held at JC recently ([OTTO Demo.mp4](#)), a demonstration of 1 of 3 robots that the College will acquire as a result of the NSF grant. The robot uses AI to assess its surroundings and adjust its course without needing physical tracks. This program will incorporate automation and fabrication of the robots, helping learners explore and master lean manufacturing. The program will be integrated into local high school programming as well. Vandenburgh thanked JC Instructor Eddie Burkhead for spearheading the grant application and program, along with JC Manufacturing / Industry Instructor Al Rossner.

## **FY '24 IT AUDIT**

JC CIO, Doug Yenor thanked Jessica Dore of auditing firm Rehmann for joining the Board meeting and walking the Board through the FY'24 IT Audit reports, which included results from external, internal, and wireless vulnerability analysis and penetration tests, as well as an information technology audit assessment. Minimal findings (recommendations for improvement) were identified in the external and internal tests, which are being addressed, and no findings were identified in the wireless test. Dore emphasized that technology changes every day, making a completely clean report nearly impossible. Areas for improvement centered around consistent documentation of processes.

## **OWNERSHIP LINKAGE**

### *OWNER LINKAGE - MILLAGE UPDATE*

CEO Phelan offered encouraging feedback received from the Millage Information Flyers that were distributed twice throughout the county, radio, JTV, other media, and speaking engagements held / scheduled by CEO Phelan, Trustees, and JC administrators:

On the November ballot, Jackson College will be asking voters to restore their originally authorized charter millage of 1.33 mills. This is a Headlee override request. Headlee has knocked Jackson College down to 1.1327 mills. If voters say yes to the 1964 level it would mean about \$1.2 million in additional yearly revenue. For property owners for a home valued at \$100,000 it would cost less than \$10 a year. If a home is valued at \$200,000 the cost is \$19.75 a year.

Passage of this millage will assist the College's workforce development program. The College is not asking voters for an additional authorization, but a restoration of the 1964 original 1.33 millage rate. However, use of the word "increase" on the ballot is required by law.

*CONSIDERATION OF VOTE OF CONFIDENCE*

The Board considered the below proposed vote of confidence in the President of Jackson College.

***Proposed Vote of Confidence in the President of Jackson College***

*The Board of Trustees of Jackson College recognizes the vital role of strong and effective leadership in advancing the mission, vision, and values of the College. During a challenging period, concerns were raised by students, employees, and former employees about the President and administration. In response, the Board initiated a thorough external investigation to ensure that these concerns were addressed transparently and objectively.*

*The investigation revealed “isolated situations” in which College administration failed to follow policy and “two instances” where administration took action that would not be regarded as “best practices” in Human Resources. While the investigation certainly identifies areas where improvement is needed, the investigation has reassured the Board of Trustees that the President and administration are committed to Jackson College’s beliefs and values. Investigators found no evidence of “cover-ups” by Jackson College leadership, no evidence of institutional racial discrimination or animus at Jackson College, and no evidence of systemic sex or gender discrimination at Jackson College.*

*With this outcome in mind, the Board of Trustees expresses its full confidence in the leadership of Dr. Daniel Phelan as President of Jackson College. The Board is committed to moving forward in partnership with the President to ensure the continued success of our students and the college community, and to maintaining a culture of integrity, inclusion, transparency, and accountability.*

Chairperson Crist described the vote of confidence as timely for this Board to consider. In light of membership on the JC Board of Trustees potentially changing upon the results of this week’s general election, Chairperson Crist described wanting the current members of the Board to have this opportunity to ensure the College and community of their confidence in CEO Phelan.
